Wayne Staley
Commercial Window Shield
9292 Pence Highway
Blissfield, MI. 49228

Wayne,

Kenseal and Dow Corning would like to recognize you for your achievements in the impact glazing industry. Our records show your crew has installed more Dow Corning 995 than any other company in the world. This type of work requires an eye for detail, and Commercial Window Shield consistently shows an outstanding ability to combine these details into a flawless silicone system. Congratulations on this achievement and thank you for your continued support of both Kenseal and Dow Corning.

Regards,
Craig Flater
